

REMARKS

Applicants have cancelled Claims 9 and 11-13, which were allowed in Serial No. 08/828,495. The present case is a divisional case, filed from Serial No. 08/828,495, and is directed to the non-allowed claims from that case.

Some typographical errors that occurred throughout the text are corrected by the above amendments, including the omission of the beginning part of the first sentence on page 14. Support for the insertion on page 14 is found at page 9, lines 27-28, as well as throughout the specification.

Claims 1, 7, 8 and 14 have been amended to recite that components a) and b) as recited in those claims can be used either alone or in combination. Support for this amendment is found on page 9, lines 2-5. A Supplemental Declaration executed by the inventors will be filed to support the claim amendment.

Respectfully submitted,
